

## FINAL PORTFOLIO

### **Part One: *Printed Photos***

Select two photos that you have taken so far this semester. One photo should be from an assigned shoot (Diane Arbus, etc) and the second from a self-assignment.

Print both photos in color on photo paper at 8 x 10 inches. Mount on black mounting board with a 1 inch border on all sides.

### **Part Two: *Digital Portfolio***

Your final portfolio should reflect your photographic vision and subject matter. Select 10 photos, either from personal or from in-class assignments that work together as a group. The order of the photos should create a loose story, flowing from one to the next. Include an artist statement at the beginning of the portfolio that describes your goals and interests.

Save each of the 10 files as a .jpg. Using Acrobat, create a PDF portfolio. Include your artist statement as the Welcome Statement. Customize the portfolio to reflect your style.

Save your portfolio as Lastname\_FinalPortfolio.pdf

## Timeline

Week fourteen	Edit photos and build portfolio
Week fifteen	Portfolio and prints due
